

# Home Health Agency Outcome and Assessment Information Set (OASIS)

## **NOTICE ABOUT PRIVACY** For Patients Who Do Not Have Medicare or Medicaid Coverage

---

- As a home health patient, there are a few things that you need to know about our collection of your personal health care information.
  - Federal and State governments oversee home health care to be sure that we furnish quality home health care services, and that you, in particular, get quality home health care services.
  - We need to ask you questions because we are required by law to collect health information to make sure that you get quality health care services.
  - We will make your information anonymous. That way, the Health Care Financing Administration, the federal agency that oversees this home health agency, cannot know that the information is about you.
- We keep anything we learn about you confidential.

This is a Medicare & Medicaid Approved Notice.
